EDUCATION

G. pullaiah college of engineering and technology	2021 - 2024
(B.tech in Electronics & communication Engineering → CGPA: 9.3	
Bapatla Engineering college (Diploma)	2018- 2021
CGPA: 9.4	
Karthikeya English medium School (SSC)	2018
CGPA: 9.0	

SKILLS

Languages	Java, HTML, CSS, JavaScript
Framework/Libraries	Bootstrap,
Tools/Platforms	Github
Coursework	Data Structures and Algorithms
Databases	DBMS

INTERNSHIP

- TITLE : Photo Gallery. Software tools : CSS,JAVA Script and HTML.
  DISCRIPTION :Shoots photos to obtain the appropriate image and final product, including photo capture ,post-production ,distribution of digital photography .Collects and arranges placement of images analyzes and tests composition.

TECHNICAL PROJECT

- **TITLE: Implementation of virtual active noise control using matlab Simulink .**

- **Software and Tools : Matlab Simulink, digital filters , adaptive filters.**

- **DISCRIPTION** : Creating a real time noise reduction system which effectively cancels out unwanted noise which shows positive impacts on human health, communication and productivity .

PROJECTS

Expense Tracker

- Tech:- Html, Css, Bootstrap, Javascript, DBMS
- Created an expense tracking app that allows users to register and keep track of their daily expenditures.
- Other features include the ability to download reports, which can be a daily, monthly, or annual record of expenditures.

ACHIEVEMENTS & CERTIFICATIONS

- First prize in Paper presentation and quiz in diploma 1st year
- First prize in kabaddi and Second prize in Kho Kho in district level tournament.
- Certified in AWS cloud practitioner Essentials training.
- Certified in Web Development by Bolt IOT internship.
- Certified in AICTE microchip in Embedded system virtual internship.
